## Report of the Event

Title : Opportunities in Overseas  
Resource Person : Mr.H.THAMEEM AHAMED, B.E.,M.E.  
Total Participants : 56

"Opportunities in Overseas" was organized by Training and Placement Cell on 09.07.2018 for all department students.

Mr.G.Gopal Event coordinator of Mechanical Engineering delivered the welcome address and she extended her warm welcome to the resource person and participants.

And then the resource person noted the various ways in Opportunities abroad can be vast and diverse, ranging from career advancement to personal growth.

Many professionals seek opportunities abroad to advance their careers, whether it's through better job prospects, higher salaries, or gaining international work experience. Studying abroad can offer access to top universities and unique academic programs that may not be available in one's home country. It's also an opportunity for cultural immersion and language learning. Before pursuing opportunities overseas, it's essential to consider factors such as visa requirements, cost of living, cultural differences, and potential challenges associated with living in a new country. Additionally, conducting thorough research and networking can help individuals make informed decisions and maximize their chances of success abroad.

The participation Certificate has been awarded to the participants

Mr.G.Gopal gave excellent awareness about "Opportunities in Overseas" of its various real time applications.

## Report of the Event

Title : Why Big Data Analytics is The Best Career Move & Its Real Time Application.

Resource Person : Dr.K.SOMASUNDARAM, B.E., M.E., Ph.D.

Total Participants : 56

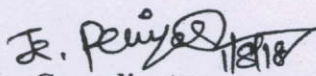

"Why Big Data Analytics is The Best Career Move & Its Real Time" was organized by Training and Placement Cell on 30.07.2018 for all department students.

Mr.K.Periyasamy Event coordinator of Electronics and Communication Engineering delivered the welcome address and she extended her warm welcome to the resource person and participants.

And then the resource person noted the various ways in Big data analytics skills are applicable across a wide range of industries, including finance, healthcare, retail, manufacturing, technology, and more. This versatility provides professionals with opportunities to work in various sectors and gain diverse experience. Real-time analytics enables manufacturers to monitor equipment performance, detect defects or anomalies, optimize production processes, and improve quality control. Real-time analytics plays a crucial role in smart city initiatives, facilitating real-time monitoring of traffic, public transportation, energy usage, waste management, and emergency response systems. These are just a few examples of how big data analytics is transforming industries and driving innovation through real-time applications. As organizations continue to harness the power of data, the demand for skilled professionals in this field is expected to remain strong.

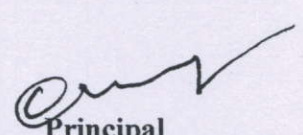

The participation Certificate has been awarded to the participants

Mr.K.Periyasamy gave excellent awareness about "Why Big Data Analytics is The Best Career Move & Its Real Time "of its various real time applications.

## Report of the Event

Title : Orientation Seminar on Big Data  
Resource Person : Dr.K.SOMASUNDARAM, B.E., M.E., Ph.D.  
Total Participants : 56

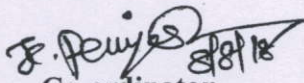

"Orientation Seminar on Big Data" was organized by Training and Placement Cell on 03.08.2018 for all department students.

Mr.K.Periyasamy Event coordinator of Electronics and Communication Engineering delivered the welcome address and she extended her warm welcome to the resource person and participants.

And then the resource person noted the various ways in Introduction to Big Data Define what big data is, its characteristics (volume, velocity, variety, veracity), and its importance in today's digital world. Explore various technologies and tools used for managing, processing, and analyzing big data, such as Hadoop, Spark, Kafka, etc. Discuss different storage and management solutions for big data, including data lakes, No SQL databases, and distributed file systems. Explain methods for processing and analyzing big data, including batch processing, real-time processing, and machine learning techniques. Showcase the importance of data visualization in understanding and communicating insights derived from big data. A carrier guidance program focused on soft skill training would aim to equip participants with the interpersonal skills and attributes necessary for success in their careers. Here's a structured outline for such a program.

The participation Certificate has been awarded to the participants

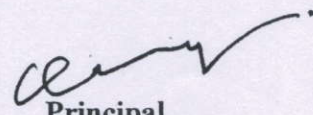

Mr.K.Periyasamy gave excellent awareness about "Orientation Seminar on Big Data" of its various real time applications.

## Report of the Event

Title : Career guidance program for competitive exam

Resource Person : Mr.S.JANAKIRAMAN, B.E

Total Participants : 40

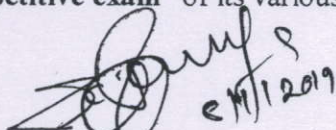

"Career guidance program for competitive exam" was organized by Training and Placement Cell on 05.01.2019 for all department students.

Mrs.Ramya.K Event coordinator of **Computer science Engineering** delivered the welcome address and she extended her warm welcome to the resource person and participants.

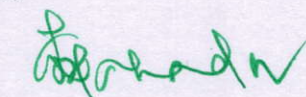

And then the resource person noted the various ways in the program is mainly to understand the examination format .this understanding Familiarize students with the exam pattern, syllabus, and marking scheme. This program will create a study plan. The study plan Develop a structured study schedule that allocates time for each subject or topic. Balance your time wisely, focusing on both strengths and weaknesses. This program helps to collect reliable study materials, including textbooks, online resources, and previous years' question papers. Ensure the material covers the entire syllabus comprehensively. And also enhance the students to practice regularly. Practice is key to success. Solve mock tests and sample papers to improve your speed and accuracy. Analyze your mistakes to learn from them and avoid repeating them in the actual exam. It makes the students to stay updated. Keep them updated with current affairs, especially in areas relevant to the exam. Reading newspapers, magazines, and online portals can help you stay informed. This program plays a vital role in revision. Regularly revise the topics they have covered to reinforce their learning.

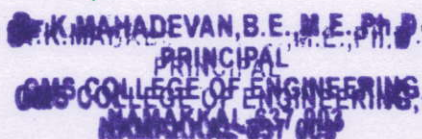

The participation Certificate has been awarded to the participants

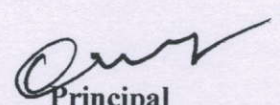

Mrs.Ramya.K gave excellent awareness about "Career guidance program for competitive exam" of its various real time applications.

## Report of the Event

Title : Program to initiate The Importance of Higher Education

Resource Person : Dr.S.MANIMARAN, B.E., MBA., Ph.D.

Total Participants : 40

"Program to initiate the importance of higher education" was organized by Training and Placement Cell on 08.02.2019 for all department students.

**Mr.G.Suresh** Event coordinator of Electrical and Electronics Engineering delivered the welcome address and she extended her warm welcome to the resource person and participants.

And then the resource person noted the various ways in Higher education opens doors to a wide range of career paths and opportunities. It equips individuals with specialized knowledge and skills that are sought after by employers in various industries. On average, individuals with higher education qualifications tend to earn higher salaries compared to those with lower levels of education. A degree or certification often translates into better-paying jobs and increased earning potential over a lifetime. Higher education fosters intellectual growth, critical thinking, and problem-solving skills. It encourages individuals to explore new ideas, challenge existing beliefs, and develop a broader perspective on the world. Educated individuals are better equipped to contribute meaningfully to their communities and society at large. They are more likely to engage in civic activities, volunteerism, and initiatives aimed at social welfare and development.

The participation Certificate has been awarded to the participants

**Mr.G.Suresh** gave excellent awareness about "Program to initiate the importance of higher education" of its various real time applications.

## Report of the Event

Title : Program on Educational Opportunities in Foreign Countries  
Resource Person : Mr.H.THAMEEM AHAMED, B.E., M.E.  
Total Participants : 40

"Program on Educational Opportunities in Foreign Countries" was organized by Training and Placement Cell on 25.02.2019 for all department students.

Mr.G.Gopal Event coordinator of Mechanical Engineering delivered the welcome address and she extended her warm welcome to the resource person and participants.

And then the resource person noted the various ways in Education systems vary significantly across different countries, each with its unique features and priorities. Many countries prioritize quality education, focusing on rigorous academic standards, well-trained teachers, and modern teaching methodologies to ensure students receive a high-quality learning experience. They leverage digital tools, online resources, and interactive learning platforms to enhance student engagement and outcomes. Many countries place a strong emphasis on Science, Technology, Engineering, and Mathematics (STEM) education to prepare students for careers in STEM-related fields and address the growing demand for skilled professionals in these areas. Some countries have robust education funding mechanisms and policies aimed at ensuring equitable access to education for all students, regardless of socioeconomic background.

The participation Certificate has been awarded to the participants

Mr.G.Gopal gave excellent awareness about "Program on Educational Opportunities in Foreign Countries" of its various real time applications.
