7.3.1 Institutional Distinctiveness

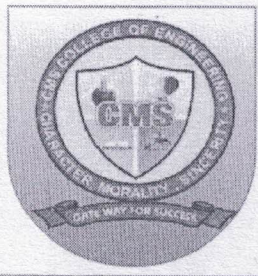

Service to economically backward class students

- CMS College of Engineering is dedicated to provide high-quality education to rural communities right from existence.
- Our college has become a choice for students from economically poor family backgrounds.
- Our college provides hostel facilities for Rs. 45,000/- per annum, including power, water and other health-related facilities like playground, gym and medical.
- The transport fees we collect from the students is Rs. 5,000/- per annum only irrespective of the distance of the route.
- The average income of all the parents year-wise is an indicator that the students seeking admission here are affordable only to pay the tuition fees prescribed by the Government of Tamil Nadu.
- We collect no other fees from the students other than Exam fees and Books fees.
- This is evident from the following table which shows the average income of all the parents year-wise.

S. No.	Academic year	No. of students	Total income of all parents	Average income of parents
I	2023-24	230	1,50,32,200	65,357
II	2022-23	187	1,32,49,320	72,400
III	2021-22	32	19,44,000	60,750
IV	2020-21	32	19,44,000	60,750
